## MONACO

### MakMax Modular Shade Structures

Monaco Modulares are umbrella-style, permanent shade structures and well suited to higher wind speeds. Our most popular and versatile modular shade structure, Monaco is ideal for tourism and hospitality applications, as well as community shade projects in public parks and recreation spaces. Square as standard, the Monaco canopy can be supported by either a central column or external cantilever column.

- » Multiple units can be linked together to increase the shade and weather protected area.
- » Available in Contour Edge and Linear Edge.
- » Engineered as a permanent shade structure, Monaco Modular Umbrellas are designed for any Australian wind speed.
- » Completely weather-proof, Monaco models include galvanised steel cables with stainless steel fittings and UV stabilised membrane.
- » Available with a range of accessories, such as LED lighting and heating.
- » Drop blinds and gutters can also be fitted to Monaco Linear Edge models.

---

**Design. Engineer. Fabricate. Install.**

## Monaco Modular Umbrella

### AESTHETICS & ACCESSORIES

- » Attention to detail in all aspects of product development means the finished product is architecturally pleasing and efficiently designed.
- » Wide range of accessories available including;
  - Heaters and misters
  - Lights and electrical connectivity
  - Blinds and guttering

### DESIGN & ENGINEERING

- » Leaders in shade and weather protection structure design since 1985.
- » All products are certified by a practicing and accredited structural engineer.
- » Wind rated to suit location and wind category.
- » Structural design is to AS/NZS1170.0, AS/NZS1170.1, AS/NZS1170.2, AS4100, AS3600 and AS1170.4.

### MEMBRANE

- » The tensile membrane canopy is fabricated from long-life, 100% UV stabilised, waterproof, architectural-grade PVC coated polyester fabric with a PVDF finish to both side.

### STEEL FRAME

- » The structure employs tubular steel components finished with a four-layer steel protection system.
- » Choose from a wide range of steel colours.

### HARDWARE

- » Canopy is tensioned with galvanised cables or aluminium sailtrack
- » All hardware inclusive of nuts, bolts, washers, and rigging screws are galvanised.
- » Top hats are spun aluminium with polyester powdercoat.

### MANUFACTURE

- » Complete manufacture and assembly in house means full control of product standards.

### INSTALLATION

- » Offering a range of installation options, from complete 'turn-key' solutions, to working in partnership with your preferred builder or construction company.
- » Our expert project managers deliver on the construction of the project to ensure minimal impact on your venues activities.
- » Full service warranty and maintenance support.

### LINEAR EDGE

Increase your usable space with a Monaco Linear Edge model. Ideal for alfresco dining, a straight edge means more seating under the canopy.

A fixed, straight-edge also adds the ability to attach guttering or drop blinds, making the structure even more weather-proof.

#### CONTOUR EDGE

6m x 6m Canopy  
29sqm of cover

#### LINEAR EDGE

6m x 6m Canopy  
36sqm of cover (26% more cover)

CANOPY SHAPE / COLUMN	CANOPY SIZE	MODEL NUMBER
	ft.in.	(L=Linear Edge)
 CENTRE COLUMN	9'10" x 9'10"	MS30 / MS30L
	13'2" x 13'2"	MS40 / MS40L
	16'5" x 16'5"	MS50 / MS50L
	19'8" x 19'8"	MS60 / MS60L
	23' x 23'	MS70 / MS70L
	26'1" x 26'1"	MS80 / MS80L
	29'7" x 29'7"	MS90 / MS90L
	32'10" x 32'10"	MS100 / MS100L
 CANTILEVER COLUMN	39'5" x 39'5"	MS120 / MS120L
	9'10" x 9'10"	MSS30 / MSS30L
	13'2" x 13'2"	MSS40 / MSS40L
	16'5" x 16'5"	MSS50 / MSS50L
	19'8" x 19'8"	MSS60 / MSS60L

### THE MAKMAX AUSTRALIA DIFFERENCE;

- » We provide you with an in-house engineering and design team.
- » A Commitment to Quality, Safety and the Environment; ISO certification ISO 9001, ISO 14001, ISO 45001.
- » Local Installation Partners & Authorised Resellers.
