

Cable Beach Resort, WA

Porta Umbrella

MakMax Architectural Umbrellas

CENTRAL SUPPORT PORTABLE UMBRELLA

The Porta umbrella is collapsible, portable and ideal for applications where persistent wind is not a factor. Small and light, Porta is great for street furniture, as well as cafes, restaurants and bars without a permanent alfresco area.

- » The Porta umbrella is 6'10".
- » Porta umbrella is square.
- » A 1 1/2" diameter stainless steel column will fit through most outdoor tables.
- » Small enough to be moved, yet durable enough to be left up for extended periods. We recommend closing your Porta umbrella if subjected to moderate wind.

MakMax Porta Umbrella Range

AESTHETICS & ACCESSORIES

- » Attention to detail in all aspects of product development means the finished product is architecturally pleasing and efficiently designed.
- » Range of colors, finishes, and branding possibilities.
